User manual

Indoor Video Intercom Station VTC42/Alu + VTC42/Classic/A

VTC42/Alu (anodized colorless or black)

VTC42/Classic/A
(Alu. painted white)

Ring-tones

Differentiation of calls when ringing from the Entrances 1 and 2, the Landing door and an Internal call.

The green LED lights up for 1 minute when there is a call from the entrance of the house or an internal call.

The image is automatically displayed when there is a call at the door.
